# 2028 Whitening Innovation Strategy

# 2028 Whitening Innovation Plan

## 1. WHAT I WAS GIVEN

### Background

Context on the Target whitening category and their innovation plans

### Goal

Identify opportunities where Target/Perrigo do not play in whitening

## 2. WHAT I BUILT

Designed a **mutually beneficial revenue opportunity** for Target and Perrigo.

### Approach

Project Methodology

### Analysis

Analyzed and Summarized Circana Data

### Strategy

Shelf Recommendations

### Opportunity

Revenue Forecasting

### Story

Retailer Business Case

**Current State**

# Target Current Strategy

# Recommendation

ESSENTIALS

ENHANCED

ADVANCED

# Assortment Gap Analysis

# Key Assortment Gaps Identified

## 1. Advanced Whitening Systems Gap

No up&up Strips + Light Offering

## 2. Flavor Innovation Gap

No Mint or flavored whitening strips

Strips + Light

14

Retail: \$49.99  
\$3.57/treatment  
\$XXM LXXW

19

Retail: \$64.99  
\$3.42/treatment  
\$XXM LXXW

Retail: \$45.49  
\$2.07/treatment

10 (Mint)

Retail: \$39.00  
\$3.9/treatment

TARGET?

# \$XXM in Crest sales exist in light segment where up&up does not participate

Opportunity to Expand Private Label Participation in High-Growth Whitening Segments

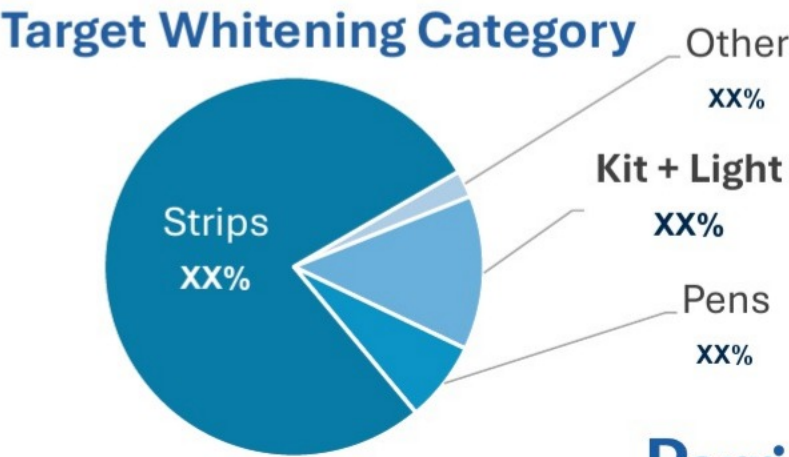

| Segment           | Crest                                                                                                               | Annual Sales | Growth vs YA | Up & Up Equivalent                                                                                |
|-------------------|---------------------------------------------------------------------------------------------------------------------|--------------|--------------|---------------------------------------------------------------------------------------------------|
| Premium + Light   | Professional White <div>  </div>   | \$XXM        | XX%          | <div>  </div>  |
| Sensitive + Light | Sensitive & Gentle <div>  </div> | \$XXM        | XX%          | <div>  </div> |

## \$XXM+

Annual OB Opportunity

Launching solutions in these segments will capture trade-down dollars and strength private label portfolio

# Potential Swap for up&up to replace Crest Post-Ortho Whitening Kit

1. Post-Ortho: **\$XXK** sales, **XX%** below Crest whitening strip portfolio average
2. Ultra + Light: **~\$XXM** forecast, **>xx×** Post-Ortho
3. Placement below Crest Light + Whitening Strips

# Key Assortment Gaps Identified

## 1. Advanced Whitening Systems Gap

No up&up Strips + Light Offering

## 2. Flavor Innovation Gap

No Mint or flavored whitening strips

Strips + Light

TARGET?

# High Consumer Interest in Mint Flavored Whitening Strips

+XXM Dollar Opportunity

## XX%

of shoppers who currently use whitening strips find flavored whitening strips appealing

*"It would make them more fun and easy to use."*

## XX%

of shoppers are interested in purchasing flavored whitening strips

*"Most teeth whitening strips have a bad taste and flavored ones would make them more pleasant to use."*

## >XX%

of consumers prefer mint flavoring

# Potential Swap for up&up to replace GuruNanda 7 Day Treatment

1. GuruNanda undercuts Up&Up pricing (\$9.99 vs. \$12.59)
2. SKU-for-SKU replacement
3. Shelf blocking
4. Mint demand maintained through Up&Up Mint Strip

# Packaging Change Recommendation

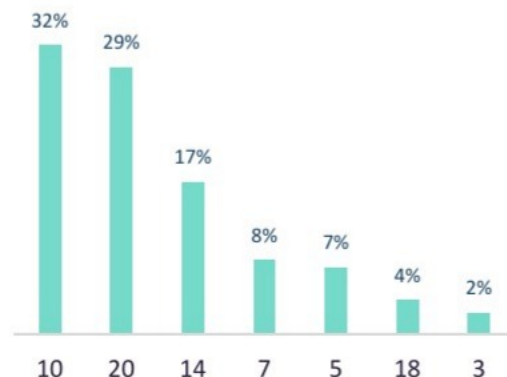

# Treatment Length Research Shows 30 Minutes is the Preferred Wear Time

**10 Treatments** is the most common Count Size purchased  
**10 or 20 Treatments** is the most preferred (61%) size offering  
**95% of users** use all the strips in the package  
**30 Minutes** is the preferred wear time for strips

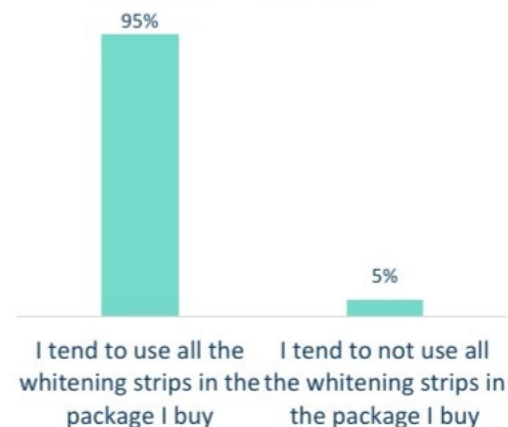

What package size  
(number of whitening strips)  
do you usually buy?

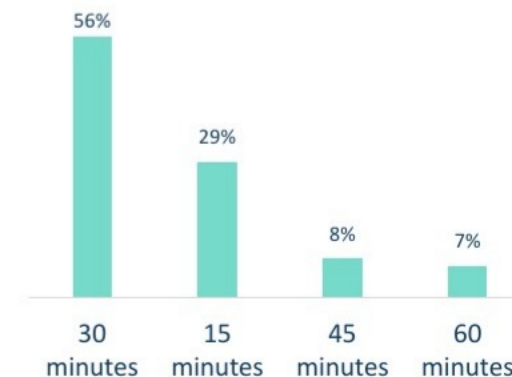

What would be your preferred number  
of whitening strips/package size?

Which of the following  
statements describes you?

What is your preferred wear time  
for each treatment?

# Crest spans 30-, 45-, and 60-minute treatment platforms rather than being exclusively a 30-minute brand

| Description        | Marketed Wear Time |
|--------------------|--------------------|
| Vivid White        | 30                 |
| Sensitive & Gentle | 30                 |
| Noticeably White   | 30                 |
| Sensitive Bright   | 30                 |

| Description                 | Marketed Wear Time |
|-----------------------------|--------------------|
| Professional Results        | 45                 |
| Professional White          | 60                 |
| Ageless Whitening           | 60                 |
| 1 Week Smile Transformation | 60                 |

# Emphasize Quick 30-Minute Treatments on Pack

# A Few Additional Projects:

## DOLLAR GENERAL Donation Campaign

June 29th, 2026

### Coupon-Linked Donation Campaign

Value Proposition: Every dollar saved = doubled value (customer + community)

## Target Audience: BFF & Rural Shopper

highly motivated by offers that combine strong savings with a meaningful community impact

**Rural Customer**  
Value-first & digitally curious

- Price-sensitive, loyal with the right offer
- Online often, willing to trade time for deals
- Socially connected, family-focused

**BFFs**  
Our Most Loyal Customer

- Digital-savvy and promo-driven
- Enrolled in MyDG loyalty, shop DG weekly

**Trade-in Customer**  
Higher income, now value-seeking

- Feeling economic pressure
- Seeking deals, switching brands

**DG Delivery Customer**  
Digitally engaged & convenience-first

- Delivery = smarter shopping
- Brand-open, but expect value
- Media habits: easy, inspirational, always on
- Generally do not cannibalize existing sales

### Digital Coupon

### Website Merchandising Concept

Doesn't mean taking the featured alongside DG Health promotional products.

DOLLAR GENERAL Perrigo

## Instagram Post

Use @dollargeneral to highlight the campaign:

- Expands content beyond discount-focused messaging
- Integrates community impact into the core brand story
- Positions DG as a visible leader in giving back
- Brings value + impact together in one place

### DG Benefit

# A Few Additional Projects:

## BJ SB vs NB JBP Slides

## Store Brand Value Assessment

## Methodology & Example Calculation

BJ's allergy pricing is generally competitive, with the strongest value position in Fexofenadine and the largest opportunity in Fluticasone.

|                                                 | Name Brand |         |         | Store Brand |        |        | Findings                                                                                  |
|-------------------------------------------------|------------|---------|---------|-------------|--------|--------|-------------------------------------------------------------------------------------------|
|                                                 | BJ's       | Sam's   | Costco  | BJ's        | Sam's  | Costco |                                                                                           |
| Loratadine (Claritin NBE)                       | \$0.33     | \$0.34  | \$0.37  | \$0.03      | \$0.03 | \$0.04 | Maintain pricing leadership across both NB and SB                                         |
| Cetirizine (Zyrtec NBE)                         | \$0.33     | \$0.32  | \$0.35  | \$0.04      | \$0.04 | \$0.04 | Maintain parity pricing; limited differentiation opportunity.                             |
| Fexofenadine (Allegra NBE)                      | \$0.41     | \$0.35  | \$0.35  | \$0.17      | \$0.19 | \$0.19 | Protect SB pricing advantage to maximize value perception.                                |
| Fluticasone (Flonase NBE)                       | \$17.66    | \$17.66 | \$17.66 | \$6.50      | \$4.00 | \$4.80 | Evaluate SB pricing and pack architecture to close the value gap versus club competitors. |
| Children's Loratadine (Children's Claritin NBE) | \$0.44     | \$0.44  | \$0.50  | \$0.17      | N/A    | N/A    | Use exclusive SB offering as a point of differentiation.                                  |

# Agenda

01.

**Introductions**

02.

**Project Overview**

03.

**Learning and Development**

# Learning and Development

*The experiences that accelerated my growth during my internship*

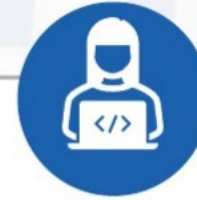

## Retail Exposure

Explored five different retail channels and understood how customer needs shape strategies

## Professional Networking

Connected with 20+ employees across teams and functions, gaining diverse perspectives on the business.

## Technical Skill Development

Worked in SAP, Censhare, Webcenter, Salesforce, Power BI, Mintel, and Circana.

**Unify+ Essentials**  
Circana Certified (2026)

## Key Strengths Developed

Storytelling

Taking Initiative

Presentation Design

Time Management

AI Utilization

## Stage Gate Project Manager

- Leading August project meetings
- Coordinating cross-functional stakeholders
- Managing project timelines
- Rapidly onboarding to a complex project portfolio
